

TYPES OF BANKS

- 1) **Building society:** A type of bank that is owned by its members. This bank is typically not for profit.
- 2) **Central bank:** A bank that manages the monetary system for the government. This bank can have the responsibility to fix national interest rates.
- 3) **Commercial bank/merchant bank:** A type of bank that specializes in providing advice, loans and investment products to businesses.
- 4) **Cooperative bank/ (Credit unions in the USA):** A bank that is owned by its members. This bank is typically not for profit.
- 5) **E-bank:** A bank that exists exclusively online with no physical branches. This contrasts with a 'bricks and mortar' bank that offers a combination of physical branches and online services.
- 6) **Investment bank:** A bank that deals with large businesses especially in helping with sales of shares and bonds and in supporting mergers and acquisitions.
- 7) **Private bank:** A bank that specializes in very rich clients.
- 8) **Retail/High street bank:** A bank offering services to the public.
